

Customer Information

regarding the implementation of the European regulation 1907/2006/EG
„Registration, Evaluation, Authorisation and Restriction of Chemicals“
(REACH-Regulation)
for the range of products of

Elektromotorenwerk Grünhain GmbH
Bahnhofstraße 12, D - 08344 Grünhain-Beierfeld

In order to meet our reporting requirement resulting from the REACH-Regulation coming into effect and considering our position as downstream user we have to inform you that

- we are requesting / had requested all our suppliers to inform us in case of orders including substances which are relevant for REACH and to send us the Safety Data Sheets also. This is essential also for the list “CSVHC”, released by the ECHA which is an integral part of the EC regulation 1907/2006/EG.
- Safety Data Sheets provided for chemicals / mixtures of materials that we are using for our products or that have contact with the products during manufacturing are available from our homepage www.emgr.com/products/... in order to enable the transfer of information.
- we as downstream user of chemical substances / mixtures of materials do not have any obligation for registration.

Your contact for questions regarding the REACH-Regulation:

Mr. David Gäbelein
Quality Manager

mail: gaebelein@emgr.de
